

TERATEC 2014 Forum

JULY 1 & 2, 2014 - ECOLE POLYTECHNIQUE - 91 PALAISEAU - 9th EDITION

THE INTERNATIONAL MEETING FOR SIMULATION AND HIGH PERFORMANCE COMPUTING

Model, simulate, design ... innovate!

A major event in France and Europe, the **TERATEC Forum** brings together top international experts in high performance numerical design and simulation, confirming the strategic importance of these technologies to develop industrial competitiveness and innovation capacity.

For its 9th edition, the TERATEC Forum will be, for over 1000 professionals, the right place to be, with its hot topics, plenary sessions, technical workshops and exhibition of hardware, software and service providers.

Visitors at Teratec Forum 2014 will discover a dense program, with outstanding speakers, internationally recognized for their expertise, and themes that anticipate the changes of a constantly evolving market, including:

■ **On Tuesday, July 1st, the plenary sessions** will focus on the technological challenges of Simulation and High Performance Computing and on the diversity of HPC usages; with the participation of representatives from the political, economic and academic worlds, advanced international industrial users and leading technology suppliers.

■ **On Wednesday, July 2nd, technical workshops** will look into emerging technologies and new areas of high performance computing applications, with:

- 4 workshops on technologies such as complex systems, energy efficiency, new software tools, big data, ...
- 4 workshops on usages: materials, health, urban modeling, vegetal simulation

■ **During the 2 days, an exhibition will gather 80** key simulation and HPC players - software and hardware vendors, service providers, public or industrial research teams, public and private sector developers,...

The Forum will also be the opportunity to offer exclusive highlights on the French **Supercomputing Programme** and the **European Technology Platform ETP4HPC**, two recent and exciting initiatives.

ooo

SAVE THE DATE: Teratec Forum 2014

July 1^{rst} et 2nd, 2014 - Ecole Polytechnique, Palaiseau, France
