**The international meeting for Simulation and High Performance Computing
June 23 & 24, 2015 - Ecole Polytechnique (91 Palaiseau)**

TERATEC brings together top international experts in high performance numerical design and simulation, making it the major event in France and in Europe in this field. It reaffirms the strategic importance of these technologies for developing industrial competitiveness and innovation capacity.

The TERATEC Forum welcomes more than 1000 attendees, highlighting the technological and industrial dynamism of HPC and the essential role that France plays in this field. The participation and the testimony of senior industrial and ICT leaders, the diversity and the high level of the technical workshops, the representativeness of exhibitors and innovation offers displayed, are assets for all responsible concerned by simulation and high-performance computing.

The tenth edition will be taking place on June 23 & 24, in the prestigious location of Ecole Polytechnique.

Come meet the HPC community and discuss technological and economic challenges.

- On **Tuesday, June 23**, the **plenary sessions** will focus on the technological challenges of Simulation and High Performance Computing and on the diversity of uses of HPC with the participation of representatives from the political, economic and academic worlds, and advanced international industrial users and leading technology suppliers.
- On **Wednesday, June 24**, **technical workshops** will review emerging technologies and new domains of high performance computing applications.
- During these two days**, there will be an **exhibition of around eighty booths** of the major simulation and HPC players. Software manufacturers and producers, integrators and distributors, service providers, academic and laboratory researchers, public and private sector developers, etc. will present their latest innovations..

Our goal is to bring together decision makers and scientific experts in simulation and high performance computing, from industrial and academic worlds, public organisations and research centers.

Set up a booth in the exhibition and professional meetings area and present your innovations and products, your R&D projects and your business or organization.

Become a TERATEC 2015 sponsor and be involved with the event's marketing and promotion.

This forum is a unique opportunity for all the players in high performance computing and numerical simulation to meet partners, customers, prospects and journalists.
