HPC BIG DATA SIMULATION

The international meeting for Simulation and High Performance Computing

TERATEC brings together top international experts in high performance computing, simulation and Big data, making it the major event in France and in Europe in this field. It reaffirms the strategic importance of these technologies for developing industrial competitiveness and innovation capacity.

The TERATEC Forum welcomes more than 1300 attendees, highlighting the technological and industrial dynamism of HPC and the essential role that France plays in this field. The participation and the testimony of senior industrial and ICT leaders, the diversity and the high level of the technical workshops, the representativeness of exhibitors and innovation offers displayed, are assets for all responsible concerned by simulation and high-performance computing.

The thirteenth edition will be taking place on June 19 & 20, 2018 in the Ecole Polytechnique.

Come meet the HPC community and discuss technological and economic challenges.

- ☺ **On Tuesday, June 19, the plenary sessions** will focus on the technological challenges of Simulation and High Performance Computing and on the diversity of uses of HPC with the participation of representatives from the political, economic and academic worlds, and advanced international industrial users and leading technology suppliers.
- ☺ **On Wednesday, June 20, technical workshops** will review emerging technologies and new domains of high performance computing applications.
- ☺ **During these two days, there will be an exhibition of around eighty booths** of the major simulation and HPC players. Software manufacturers and producers, integrators and distributors, service providers, academic and laboratory researchers, public and private sector developers, etc. will present their latest innovations..

Our goal is to bring together decision makers and scientific experts in simulation and high performance computing, from industrial and academic worlds, public organisations and research centers.

Set up a booth in the exhibition and professional meetings area and present your innovations and products, your R&D projects and your business or organization.

Become a TERATEC 2018 sponsor and be involved with the event's marketing and promotion.

This Forum is a unique opportunity for all the players in high performance computing and numerical simulation to meet partners, customers, prospects and journalists.
