The European meeting for High Performance Digital Simulation and Artificial Intelligence

Teratec Forum brings together top international experts in High Performance Computing, Simulation and Big Data, making it a reference event in France and in Europe in this field. The Forum is a vivid evidence of the strategic importance of these methods and technologies for developing industrial competitiveness and innovation capacity.

Teratec Forum welcomes more than 1 300 attendees, highlighting the momentum of HPC from usages to technologies, amongst a vivid European and French ecosystem. The participation and the testimony of senior industrial and ICT leaders, the diversity and outstanding level of technical workshops, the representativeness of exhibitors and innovation offers displayed, are major assets the Forum offers to all professionals concerned by High Performance Computing and Simulation.

The fourteenth edition will be taking place on June 11 & 12, 2019 at Ecole Polytechnique.

Come and meet the HPC community to discuss digital, simulation and AI challenges.

→ **On Tuesday, June 11, the plenary sessions** will focus on the societal and technological challenges of High Performance Computing and Simulation and on the diversity of uses of HPC, with the participation of representatives from the political, economic and academic worlds, international advanced industrial users and leading technology suppliers.

→ **On Wednesday, June 12**, application-oriented and technical workshops, led by key market players, recognized experts and major users, will highlight emerging technologies and new domains of High Performance Computing applications of numerical Simulation, Big Data and AI.

→ **During these two days, an Exhibition of around eighty booths** held by major Simulation and HPC players. Solution and technology suppliers, software developers and editors, service providers, academic researchers, competitiveness clusters and public bodies experts and managers... will present their latest innovations.

Our goal is to bring together decision makers and scientific experts in High Performance Computing and Simulation, from industrial and academic worlds, public organizations and research centers.

Set up a booth in the exhibition and professional meetings area, and present your innovations and products, your R&D projects and your business.

Become a Teratec Forum 2019 Sponsor and get involved in marketing and promotional activities before, during and after the event.

Teratec Forum is a unique opportunity for all the players in high performance computing and numerical simulation to meet partners, customers, prospects as well as journalists.
